TARTAN TECHNOLOGY & INNOVATION CENTRE

St. Mary's Academy Foundation is thrilled to invite you to the **First Annual Marian Awards Gala** on Friday, May 5, 2023, at the RBC Convention Centre.

Marian Awards recognizes alumnae and friends who model service and excellence in all facets of their daily lives. This year we are proud to be honouring the Legacy of Women at St. Mary's Academy.

Please join us in celebrating while also contributing to a cause near and dear to our hearts – educating young women who attend the Academy now and in the future.

We look forward to an evening of dining, entertainment, auctions, and philanthropy celebrating a community where tradition and technology walk hand-in-hand.

MARIAN AWARDS GALA 2023 IN SUPPORT OF THE TARTAN TECHNOLOGY & INNOVATION CENTRE

Funds raised from the 2023 Marian Awards Gala will go towards enhancing the educational experience for the young women at St. Mary's Academy. Initiatives such as the Tartan Technology & Innovation Centre create new opportunities for young women to be creative, curious, and confident. The Centre opened its doors in September 2022 with a baseline of innovative technology, and more will be added. This exploratory environment is a true collaborative effort with input from students, teachers, and parents. In this immersive leading-edge space, our youth of today will embrace technology as they delve into digital media, virtual reality, 3D printing, digital art, gaming/Esports, and more.

At St. Mary's Academy the future is at their fingertips.
